## **Consolidated Annual Performance and Evaluation Report (CAPER) Measuring Performance Outcomes**

OMB Number 2506-0133 (Expiration Date: 01/31/2021)

---

The CAPER report for HOPWA formula grantees provides annual information on program accomplishments that supports program evaluation and the ability to measure program beneficiary outcomes as related to: maintain housing stability; prevent homelessness; and improve access to care and support. This information is also covered under the Consolidated Plan Management Process (CPMP) report and includes Narrative Responses and Performance Charts required under the Consolidated Planning regulations. Reporting is required for all HOPWA formula grantees. The public reporting burden for the collection of information is estimated to average 41 hours per manual response, or less if an automated data collection and retrieval system is in use, along with 60 hours for record keeping, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Grantees are required to report on the activities undertaken only, thus there may be components of these reporting requirements that may not be applicable. This agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless that collection displays a valid OMB control number.

**Overview.** The Consolidated Annual Performance and Evaluation Report (CAPER) provides annual performance reporting on client outputs and outcomes that enables an assessment of grantee performance in achieving the housing stability outcome measure. The CAPER fulfills statutory and regulatory program reporting requirements and provides the grantee and HUD with the necessary information to assess the overall program performance and accomplishments against planned goals and objectives.

HOPWA formula grantees are required to submit a CAPER demonstrating coordination with other Consolidated Plan resources. HUD uses the CAPER data to obtain essential information on grant activities, project sponsors, housing sites, units and households, and beneficiaries (which includes racial and ethnic data on program participants). The Consolidated Plan Management Process tool (CPMP) provides an optional tool to integrate the reporting of HOPWA specific activities with other planning and reporting on Consolidated Plan activities.

If no further HOPWA funds are used to support the facility, in place of completing Section 7B of the CAPER, the grantee must submit an Annual Report of Continued Project Operation throughout the required use periods. This report is included in Part 6 in CAPER. The required use period is three (3) years if the rehabilitation is non-substantial.

**Record Keeping.** Names and other individual information must be kept confidential, as required by 24 CFR 574.440. However, HUD reserves the right to review the information used to complete this report for grants management oversight purposes, except for recording any names and other identifying information. **In the case that HUD must review client-level data, no client names or identifying information will be retained or recorded. Information is reported in aggregate to HUD without personal identification. Do not submit client or personal information in data systems to HUD.**

In connection with the development of the Department's standards for Homeless Management Information Systems (HMIS), universal data elements are being collected for clients of HOPWA-funded homeless assistance projects. These project sponsor records would include: Name, Social Security Number, Date of Birth, Ethnicity and Race, Gender, Veteran Status, Disabling Conditions, Residence Prior to Program Entry, Zip Code of Last Permanent Address, Housing Status, Program Entry Date, Program Exit Date, Personal Identification Number, and Household

Identification Number. These are intended to match the elements under HMIS. The HOPWA program-level data elements include: Income and Sources, Non-Cash Benefits, HIV/AIDS Status, Services Provided, Housing Status or Destination at the end of the operating year, Physical Disability, Developmental Disability, Chronic Health Condition, Mental Health, Substance Abuse, Domestic Violence, Medical Assistance, and T-cell Count. Other HOPWA projects sponsors may also benefit from collecting these data elements. HMIS local data systems must maintain client confidentiality by using a closed system in which medical information and HIV status are only shared with providers that have a direct involvement in the client's case management, treatment and care, in line with the signed release of information from the client.

**Operating Year.** HOPWA formula grants are annually awarded for a three-year period of performance with three operating years. The information contained in this CAPER must represent a one-year period of HOPWA program operation that coincides with the grantee's program year; this is the operating year. More than one HOPWA formula grant awarded to the same grantee may be used during an operating year and the CAPER must capture all formula grant funding used during the operating year. Project sponsor accomplishment information must also coincide with the operating year this CAPER covers. Any change to the period of performance requires the approval of HUD by amendment, such as an extension for an additional operating year.

**Final Assembly of Report.** After the entire report is assembled, number each page sequentially.

**Filing Requirements.** Within 90 days of the completion of each program year, grantees must submit their completed CAPER to the CPD Director in the grantee's State or Local HUD Field Office, and to the HOPWA Program Office: at [HOPWA@hud.gov](mailto:HOPWA@hud.gov). Electronic submission to HOPWA Program office is preferred; however, if electronic submission is not possible, hard copies can be mailed to: Office of HIV/AIDS Housing, Room 7248, U.S. Department of Housing and Urban Development, 451 Seventh Street, SW, Washington, D.C., 20410.

## Definitions

**Adjustment for Duplication:** Enables the calculation of unduplicated output totals by accounting for the total number of households or units that received more than one type of HOPWA assistance in a given service category such as HOPWA Subsidy Assistance or Supportive Services. For example, if a client household received both TBRA and STRMU during the operating year, report that household in the category of HOPWA Housing Subsidy Assistance in Part 3, Chart 1, Column [1b] in the following manner:

HOPWA Housing Subsidy Assistance		[1] Outputs: Number of Households
1.	<b>Tenant-Based Rental Assistance</b>	1
2a.	<b>Permanent Housing Facilities:</b> Received Operating Subsidies/Leased units	
2b.	<b>Transitional/Short-term Facilities:</b> Received Operating Subsidies	
3a.	<b>Permanent Housing Facilities:</b> Capital Development Projects placed in service during the operating year	
3b.	<b>Transitional/Short-term Facilities:</b> Capital Development Projects placed in service during the operating year	
4.	<b>Short-term Rent, Mortgage, and Utility Assistance</b>	1
5.	<b>Adjustment for duplication (subtract)</b>	1
6.	<b>TOTAL Housing Subsidy Assistance (Sum of Rows 1-4 minus Row 5)</b>	1

**Administrative Costs:** Costs for general management, oversight, coordination, evaluation, and reporting. By statute, grantee administrative costs are limited to 3% of total grant award, to be expended over the life of the grant. Project sponsor administrative costs are limited to 7% of the portion of the grant amount they receive.

**Beneficiary(ies):** All members of a household who received HOPWA assistance during the operating year including the one individual who qualified the household for HOPWA assistance as well as any other members of the household (with or without HIV) who benefitted from the assistance.

**Chronically Homeless Person:** An individual or family who : (i) is homeless and lives or resides individual or family who: (i) Is homeless and lives or resides in a place not meant for human habitation, a safe haven, or in an emergency shelter; (ii) has been homeless and living or residing in a place not meant for human habitation, a safe haven, or in an emergency shelter continuously for at least 1 year or on at least 4 separate occasions in the last 3 years; and (iii) has an adult head of household (or a minor head of household if no adult is present in the household) with a diagnosable substance use disorder, serious mental illness, developmental disability (as defined in section 102 of the Developmental Disabilities Assistance and Bill of Rights Act of 2000 (42 U.S.C. 15002)), post traumatic stress disorder, cognitive impairments resulting from a brain injury, or chronic physical illness or disability, including the co-occurrence of 2 or more of those conditions. Additionally, the statutory definition includes as chronically homeless a person who currently lives or resides in an institutional care facility, including a jail, substance abuse or mental health treatment facility, hospital or other similar facility, and has resided there for fewer than 90 days if such person met the other criteria for homeless prior to entering that facility. (See 42 U.S.C. 11360(2)) This does not include doubled-up or overcrowding situations.

**Disabling Condition:** Evidencing a diagnosable substance use disorder, serious mental illness, developmental disability, chronic physical illness, or disability, including the co-occurrence of two or more of these conditions. In addition, a disabling condition may limit an individual's ability to work or perform one or more activities of daily living. An HIV/AIDS diagnosis is considered a disabling condition.

**Facility-Based Housing Assistance:** All eligible HOPWA Housing expenditures for or associated with supporting facilities including community residences, SRO dwellings, short-term facilities, project-based rental units, master leased units, and other housing facilities approved by HUD.

**Faith-Based Organization:** Religious organizations of three types: (1) congregations; (2) national networks, which include national denominations, their social service arms (for example, Catholic Charities, Lutheran Social Services), and networks of related organizations (such as YMCA and YWCA); and (3) freestanding religious organizations, which are incorporated separately from congregations and national networks.

**Grassroots Organization:** An organization headquartered in the local community where it provides services; has a social services budget of \$300,000 or less annually, and six or fewer full-time equivalent employees. Local affiliates of national organizations are not considered "grassroots."

**HOPWA Eligible Individual:** The one (1) low-income person with HIV/AIDS who qualifies a household for HOPWA assistance. This person may be considered "Head of Household." When the CAPER asks for information on eligible individuals, report on this individual person only. Where there is more than one person with HIV/AIDS in the household, the additional PWH/A(s), would be considered a beneficiary(s).

**HOPWA Housing Information Services:** Services dedicated to helping persons living with HIV/AIDS and their families to identify, locate, and acquire housing. This may also include fair housing counseling for eligible persons who may encounter discrimination based on race, color, religion, sex, age, national origin, familial status, or handicap/disability.

**HOPWA Housing Subsidy Assistance Total:** The unduplicated number of households receiving housing subsidies (TBRA, STRMU, Permanent

Housing Placement services and Master Leasing) and/or residing in units of facilities dedicated to persons living with HIV/AIDS and their families and supported with HOPWA funds during the operating year.

**Household:** A single individual or a family composed of two or more persons for which household incomes are used to determine eligibility and for calculation of the resident rent payment. The term is used for collecting data on changes in income, changes in access to services, receipt of housing information services, and outcomes on achieving housing stability. Live-In Aides (see definition for Live-In Aide) and non-beneficiaries (e.g. a shared housing arrangement with a roommate) who resided in the unit are not reported on in the CAPER.

**Housing Stability:** The degree to which the HOPWA project assisted beneficiaries to remain in stable housing during the operating year. See *Part 5: Determining Housing Stability Outcomes* for definitions of stable and unstable housing situations.

**In-kind Leveraged Resources:** These are additional types of support provided to assist HOPWA beneficiaries such as volunteer services, materials, use of equipment and building space. The actual value of the support can be the contribution of professional services, based on customary rates for this specialized support, or actual costs contributed from other leveraged resources. In determining a rate for the contribution of volunteer time and services, use the criteria described in 2 CFR 200. The value of any donated material, equipment, building, or lease should be based on the fair market value at time of donation. Related documentation can be from recent bills of sales, advertised prices, appraisals, or other information for comparable property similarly situated.

**Leveraged Funds:** The amount of funds expended during the operating year from non-HOPWA federal, state, local, and private sources by grantees or sponsors in dedicating assistance to this client population. Leveraged funds or other assistance are used directly in or in support of HOPWA program delivery.

**Live-In Aide:** A person who resides with the HOPWA Eligible Individual and who meets the following criteria: (1) is essential to the care and well-being of the person; (2) is not obligated for the support of the person; and (3) would not be living in the unit except to provide the necessary supportive services. See *24 CFR 5.403 and the HOPWA Grantee Oversight Resource Guide* for additional reference.

**Master Leasing:** Applies to a nonprofit or public agency that leases units of housing (scattered-sites or entire buildings) from a landlord, and subleases the units to homeless or low-income tenants. By assuming the tenancy burden, the agency facilitates housing of clients who may not be able to maintain a lease on their own due to poor credit, evictions, or lack of sufficient income.

**Operating Costs:** Applies to facility-based housing only, for facilities that are currently open. Operating costs can include day-to-day housing function and operation costs like utilities, maintenance, equipment, insurance, security, furnishings, supplies and salary for staff costs directly related to the housing project but not staff costs for delivering services.

**Outcome:** The degree to which the HOPWA assisted household has been enabled to establish or maintain a stable living environment in housing that is safe, decent, and sanitary, (per the regulations at 24 CFR 574.310(b)) and to reduce the risks of homelessness, and improve access to HIV treatment and other health care and support.

**Output:** The number of units of housing or households that receive HOPWA assistance during the operating year.

**Permanent Housing Placement:** A supportive housing service that helps establish the household in the housing unit, including but not limited to reasonable costs for security deposits not to exceed two months of rent costs.

**Program Income:** Gross income directly generated from the use of HOPWA funds, including repayments. See grant administration

requirements on program income at 2 CFR 200.307.

**Project-Based Rental Assistance (PBRA):** A rental subsidy program that is tied to specific facilities or units owned or controlled by a project sponsor. Assistance is tied directly to the properties and is not portable or transferable.

**Project Sponsor Organizations: Per HOPWA regulations at 24 CFR 574.3,** any nonprofit organization or governmental housing agency that receives funds under a contract with the grantee to provide eligible housing and other support services or administrative services as defined in 24 CFR 574.300. Project Sponsor organizations are required to provide performance data on households served and funds expended.

**SAM:** All organizations applying for a Federal award must have a valid registration active at sam.gov. SAM (System for Award Management) registration includes maintaining current information and providing a valid DUNS number.

**Short-Term Rent, Mortgage, and Utility (STRMU) Assistance:** A time-limited, housing subsidy assistance designed to prevent homelessness and increase housing stability. Grantees may provide assistance for up to 21 weeks in any 52-week period. The amount of assistance varies per client depending on funds available, tenant need and program guidelines.

**Stewardship Units:** Units developed with HOPWA, where HOPWA funds were used for acquisition, new construction and rehabilitation that no longer receive operating subsidies from HOPWA. Report information for the units is subject to the three-year use agreement if rehabilitation is non-substantial and to the ten-year use agreement if rehabilitation is substantial.

**Tenant-Based Rental Assistance (TBRA):** TBRA is a rental subsidy program similar to the Housing Choice Voucher program that grantees can provide to help low-income households access affordable housing. The TBRA voucher is not tied to a specific unit, so tenants may move to a different unit without losing their assistance, subject to individual program rules. The subsidy amount is determined in part based on household income and rental costs associated with the tenant's lease.

**Transgender:** Transgender is defined as a person who identifies with, or presents as, a gender that is different from his/her gender at birth.

**Veteran:** A veteran is someone who has served on active duty in the Armed Forces of the United States. This does not include inactive military reserves or the National Guard unless the person was called up to active duty.

## **5. Grantee Narrative and Performance Assessment**

### **a. Grantee and Community Overview**

Provide a one to three page narrative summarizing major achievements and highlights that were proposed and completed during the program year. Include a brief description of the grant organization, area of service, the name(s) of the program contact(s), and an overview of the range/type of housing activities provided. This overview may be used for public information, including posting on HUD's website. **Note:** Text fields are expandable.

The City of San Diego is the HOPWA Program Grantee and through a contract agreement with the County of San Diego Housing and Community Development Services (HCDS), the County has assumed all administrative responsibilities for the HOPWA formula grant program. In addition to the countywide HOPWA program, HCDS operates housing programs in the unincorporated areas and in 15 of the 18 cities that exist in the County of San Diego. HCDS provides housing assistance and community improvements through programs that benefit low and moderate-income persons.

The County of San Diego administered HUD's HOPWA PY19 allocation of \$3,686,397 to fund activities in FY 2018-19. In addition, prior year funds were used to supplement PY19 allocation for activities in FY 2018-19. These funds were expended in direct service contracts with agencies and non-profit organizations providing direct services to low income persons with HIV/AIDS. HOPWA funds are distributed throughout the County of San Diego to implement the following eligible activities:

- Tenant Based Rental Assistance
- Administration
- Short-term supportive facilities (including hotel/motel vouchers)
- Housing information and referral services
- Supportive services
- Resource identification
- Housing operating costs

On September 26, 2017, the San Diego County Board of Supervisors authorized a HOPWA Request for Proposals (RFP) for FYs 2018-19, 2019-20, 2020-21, 2021-22 and 2022-23 and authorized the execution of contracts for a term of one-year with four, one-year renewal options.

#### **b. Annual Performance under the Action Plan**

Provide a narrative addressing each of the following four items:

- 1. Outputs Reported.** Describe significant accomplishments or challenges in achieving the number of housing units supported and the number households assisted with HOPWA funds during this operating year compared to plans for this assistance, as approved in the Consolidated Plan/Action Plan. Describe how HOPWA funds were distributed during your operating year among different categories of housing and geographic areas to address needs throughout the grant service area, consistent with approved plans.
- 2. Outcomes Assessed.** Assess your program's success in enabling HOPWA beneficiaries to establish and/or better maintain a stable living environment in housing that is safe, decent, and sanitary, and improve access to care. Compare current year results to baseline results for clients. Describe how program activities/projects contributed to meeting stated goals. If program did not achieve expected targets, please describe how your program plans to address challenges in program implementation and the steps currently being taken to achieve goals in next operating year. If your program exceeded program targets, please describe strategies the program utilized and how those contributed to program successes.
- 3. Coordination.** Report on program coordination with other mainstream housing and supportive services resources, including the use of committed leveraging from other public and private sources that helped to address needs for eligible persons identified in the Consolidated Plan/Strategic Plan.
- 4. Technical Assistance.** Describe any program technical assistance needs and how they would benefit program beneficiaries.

The County of San Diego on behalf of the City of San Diego has worked closely with the Regional Task Force on the Homeless (RTFH), our region's CoC, that includes over 50 community-based organizations, government agencies and developers to establish adequate housing and support services for people living with HIV/AIDS. Program staff convenes the Joint City/County HIV Housing Committee that addresses special needs concerns for HIV/AIDS consumers. The HIV Housing committee includes members of other HIV planning groups, affordable housing developers, service providers and consumers. It provides meaningful citizen and community participation in the planning process associated with affordable housing and related support services for person living with HIV/AIDS. The HIV Housing Committee serves as an advisory body to the Director of the County of San Diego Housing and Community Development Services regarding priorities and needs of the community affected by HIV/AIDS and housing.

The HOPWA program leverages an array of funding from public and private resources that help address the needs of persons with HIV/AIDS. During FY 2018-19, volunteers provided a substantial amount of service hours at many HOPWA-funded agencies. Volunteers are typically recruited from volunteer fairs, may be participants of HOPWA-funded programs, local church congregations, colleges and universities, or local HIV service organizations. Volunteers come with the desire to contribute to the program and clientele by providing services such as: prepare, pack and deliver meals to clients, tutoring, residential support, facility upkeep, and general administrative support.

Many agencies also received in-kind contributions and cash donations. HOPWA-funded agencies took a proactive approach to increasing program revenue and implemented annual fundraising plans to increase income received from private donations, foundations, and grants. A total of \$2,805,442.27 in committed leveraged funds from other public and private resources helped address the needs identified in the plan.

HOPWA-funded agencies also partnered with non-HOPWA funded agencies such as health care providers and community-based agencies to offer a broader scope of services. Partners include, but are not limited to: Christie's Place, UCSD Mother-Child-Adolescent HIV Program (MCAHP), VA Department of Veteran Affairs Special Infectious Disease Program (SIDP), Family Health Centers of San Diego (FHCS), PATH Interim Housing, Whole Person Wellness, 2-1-1 Community Information Exchange (CIE), Neighborhood House association, American Indian Health, San Ysidro Health Center (SYHC), Moonlight Cultural Foundation, North County Action Network, North County LGBTQ Center, San Diego County Food Bank, San Diego Futures Foundation, San Diego LGBT Center, and Vista Community Clinic.

**The table below summarizes accomplishments for Annual Plan Performance Measures, July 1, 2018 to June 30, 2019:**

Activities	Accomplishments	Expenditures
Tenant Based Rental Assistance (TBRA) Housing Subsidy	78 households	\$825,017.28

Short Term Rent, Mortgage & Utility Assistance (STRMU)	18 households	\$54,346.68
Supportive Services	579 households	\$1,456,271.47

### **c. Barriers and Trends Overview**

Provide a narrative addressing items 1 through 3. Explain how barriers and trends affected your program's ability to achieve the objectives and outcomes discussed in the previous section.

1. Describe any barriers (including regulatory and non-regulatory) encountered in the administration or implementation of the HOPWA program, how they affected your program's ability to achieve the objectives and outcomes discussed, and, actions taken in response to barriers, and recommendations for program improvement. Provide an explanation for each barrier selected.

2. Describe any trends in the community that may affect the way in which the needs of persons living with HIV/AIDS are being addressed, and provide any other information important to the future provision of services to this population.

3. Identify any evaluations, studies, or other assessments of the HOPWA program that are available to the public.

Service providers continued to encounter barriers in the administration of the HOPWA program during FY 2018-19. Lack of affordable housing options, permanent supportive housing, rapid rehousing resources, ADA compliant units or units that accept animals in the San Diego region, rising rental costs and long waiting lists for rental assistance, continued to be the most prevalent barrier, especially for households who operate on a fixed income. HOPWA clients are especially impacted by housing scarcity due to the negative health outcomes associated with individuals who are homeless and diagnosed with HIV/AIDS. These individuals are living on extremely low or no income and often are dealing with significant health, mental health and substance abuse issues. Engaging with clients to develop shared goals to decrease their vulnerability, as well as managing client expectations for service delivery is one of the many barriers encountered by some of the HOPWA providers. An affordable housing development has been completed and will alleviate some of this need. The development includes 12 units for individuals and families living with HIV/AIDS, 26 units targeted to veterans and 13 units set aside for households with income under 60% AMI.

Coordinating with low income housing developers as well as advocating for additional units for HIV/AIDS+ clients provides a few (very limited) opportunities for clients to get into these newly developed units. Maintaining relationships with management companies that provide low-income and subsidized housing units and disseminating information to clients searching for housing (ie; who takes section 8, who has low-income apartment units they would qualify for, allows pets, who has current availability, etc.) Community outreach at housing and case management meetings as well as participation at community health fairs and community forums regularly.

HOPWA providers report that mental health and substance abuse issues present unique challenges when serving clients. Collaboration with health centers and clinics and provision of specialized programs and services aim to provide comprehensive services to address this need. Transportation is another common barrier for HOPWA providers. Bus passes are sometimes available and utilizing services near the HOPWA provider's place of business are some of the solutions used. Lastly, there are the inherent challenges associated with the HIV/AIDS population such as unique health/medication needs and negative stigma that can make certain aspects of life more difficult for clients. HOPWA providers are specialized and experienced in terms of dealing with these barriers and continue to provide high quality services. Need for services typically outweighs resources, and accordingly many providers use waitlists to fairly offer services. Waitlist maintenance is consistent across programs and involves a chronological list of applicants that staff tries to keep current to facilitate contacting the next person on the list when services are available. One reported trend is that since the implementation of the harm reduction model which fosters longer stays, clients have been more successful in maintaining their stay in the programs and are accessing substance abuse and mental health services. The significant demand for housing and supportive services continues to far exceed the demand for these resources.

The Community Information Exchange (CIE) created by 2-1-1 has led to improved care coordination for HOPWA clients across community service providers who have opted to become involved. As more agencies become part of CIE, bi-directional referrals and increased collaboration with agencies who serve this population should ultimately lead to better client outcomes. Fortunately, 2-1-1 has a dedicated CIE team who continues to connect with community partners and engage them in partnership. In addition, the recent changes to the VI-SPDAT process per RTFH has changed the way all homeless individuals are able to connect with Rapid Rehousing and Permanent Supportive Housing resources. As a result, the many programs which HOPWA clients are eligible for remain inaccessible because the VI-SPDAT is required, but not readily available to all who need it.

Better integration and coordination between service providers (HOPWA and non-HOPWA) will allow more effective and efficient service delivery. This can be achieved at forums such as the Joint City/County HIV/AIDS Housing Committee, where providers can collaborate and work on solutions. Funding remained relatively stable going into FY 2018-19, and with changes to the HOPWA formula for grantees the region appears to be well situated going forward. Additionally, HOPWA providers are resourceful in leveraging other funding to support programs.

## PART 2: Sources of Leveraging and Program Income

### 1. Sources of Leveraging

Report the source(s) of cash or in-kind leveraged federal, state, local or private resources identified in the Consolidated or Annual Plan and used in the delivery of the HOPWA program and the amount of leveraged dollars. In Column [1], identify the type of leveraging. Some common sources of leveraged funds have been provided as a reference point. You may add Rows as necessary to report all sources of leveraged funds. Include Resident Rent payments paid by clients directly to private landlords. Do NOT include rents paid directly to a HOPWA program as this will be reported in the next section. In Column [2] report the amount of leveraged funds expended during the operating year. Use Column [3] to provide some detail about the type of leveraged contribution (e.g., case management services or clothing donations). In Column [4], check the appropriate box to indicate whether the leveraged contribution was a housing subsidy assistance or another form of support.

**Note:** Be sure to report on the number of households supported with these leveraged funds in Part 3, Chart 1, Column d.

### Background on HOPWA Housing Stability Codes Stable Permanent Housing/Ongoing Participation

3 = Private Housing in the private rental or home ownership market (without known subsidy, including permanent placement with families or other self-sufficient arrangements) with reasonable expectation that additional support is not needed.

4 = Other HOPWA-funded housing subsidy assistance (not STRMU), e.g. TBRA or Facility-Based Assistance.

5 = Other subsidized house or apartment (non-HOPWA sources, e.g., Section 8, HOME, public housing).

6 = Institutional setting with greater support and continued residence expected (e.g., residential or long-term care facility).

### Temporary Housing

2 = Temporary housing - moved in with family/friends or other short-term arrangement, such as Ryan White subsidy, transitional housing for homeless, or temporary placement in institution (e.g., hospital, psychiatric hospital or other psychiatric facility, substance abuse treatment facility or detox center).

### Unstable Arrangements

1 = Emergency shelter or no housing destination such as places not meant for habitation (e.g., a vehicle, an abandoned building, bus/train/subway station, or anywhere outside).

7 = Jail /prison.

8 = Disconnected or disappeared from project support, unknown destination or no assessments of housing needs were undertaken.

### Life Event

9 = Death, i.e., remained in housing until death. This characteristic is not factored into the housing stability equation.

**Tenant-based Rental Assistance:** Stable Housing is the sum of the number of households that (i) remain in the housing and (ii) those that left the assistance as reported under: 3, 4, 5, and 6. Temporary Housing is the number of households that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item: 2. Unstable Situations is the sum of numbers reported under items: 1, 7, and 8.

**Permanent Facility-Based Housing Assistance:** Stable Housing is the sum of the number of households that (i) remain in the housing and (ii) those that left the assistance as shown as items: 3, 4, 5, and 6. Temporary Housing is the number of households that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item 2. Unstable Situations is the sum of numbers reported under items: 1, 7, and 8.

**Transitional/Short-Term Facility-Based Housing Assistance:** Stable Housing is the sum of the number of households that (i) continue in the residences (ii) those that left the assistance as shown as items: 3, 4, 5, and 6. Other Temporary Housing is the number of households that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item 2. Unstable Situations is the sum of numbers reported under items: 1, 7, and 8.

**Tenure Assessment.** A baseline of households in transitional/short-term facilities for assessment purposes, indicate the number of households whose tenure exceeded 24 months.

**STRMU Assistance:** Stable Housing is the sum of the number of households that accessed assistance for some portion of the permitted 21-week period and there is reasonable expectation that additional support is not needed in order to maintain permanent housing living situation (as this is a time-limited form of housing support) as reported under housing status: Maintain Private Housing with subsidy; Other Private with Subsidy; Other HOPWA support; Other Housing Subsidy; and Institution. Temporarily Stable, with Reduced Risk of Homelessness is the sum of the number of households that accessed assistance for some portion of the permitted 21-week period or left their current housing arrangement for a transitional facility or other temporary/non-permanent housing arrangement and there is reasonable expectation additional support will be needed to maintain housing arrangements in the next year, as reported under housing status: Likely to maintain current housing arrangements, with additional STRMU assistance; Transitional Facilities/Short-term; and Temporary/Non-Permanent Housing arrangements. Unstable Situation is the sum of number of households reported under housing status: Emergency Shelter; Jail/Prison; and Disconnected.

**PART 6: Annual Report of Continued Usage for HOPWA Facility-Based Stewardship Units (ONLY)**

The Annual Report of Continued Usage for HOPWA Facility-Based Stewardship Units is to be used in place of Part 7B of the CAPER if the facility was originally acquired, rehabilitated or constructed/developed in part with HOPWA funds but no HOPWA funds were expended during the operating year. Scattered site units may be grouped together on one page.

Grantees that used HOPWA funding for new construction, acquisition, or substantial rehabilitation are required to operate their facilities for HOPWA eligible individuals for at least ten (10) years. If non-substantial rehabilitation funds were used, they are required to operate for at least three (3) years. Stewardship begins once the facility is put into operation.
