Joint Resolution No. 1895.

Be it Resolved, By the Common Council of the City of San Diego, as follows.

Whereas, It appears from reports of the Honorable Board of Public Works of the City of San Diego, and statements published, purporting to come from the Superintendent of the Water Department, that there is an apparent shortage of water throughout this city on certain days; and

Whereas, These statements are charged to the waste of water and its unlawful use by some of the inhabitants of the city: and

Whereas, It appears by investigations that there are other and more serious causes that has caused water to be wasted in different parts of the city: and

Whereas, If we can put any faith in reports of the waste of water in many parts of the city, the same may be traced to improper care of the pipe lines; and

Whereas, To be more specific it appears that the water main, a two inch pipe line in La Jolla is now and has been lying on top of the ground for over ten years, allowing the heavy loaded wagons to drive over the same and knock it about at will, wearing it out and disjointing the same, thereby causing the waste of thousands of gallons of water per day; and it further appears that there is but little effort made to remedy the matter by the employes of the city at that place; now therefore,

Be it Resolved, By the Common Council of the City of San Diego, as follows

That the Honorable Board of Public Works be notified to make all proper and necessary repairs forthwith to said leaking pipes at La Jolla, and that if it has not yet been done, that the Superintendent of the Water System of San Diego, be requested and ordered to sink said pipe line into the ground so that wagons may not do any further injury to said pipe line, and that this work be by the employee of the Water Department, residing at said place, upon his being first supplied with the proper implements and tools to do said work. Joint Resolution. No 1917.

Whereas, a large number of citizens of San Diego, desire this Common Council to submit to the voters for approval or rejection an amendment to the present City Charter, providing for the initiative, referendum and recall: therefore

Be it Resolved, by the Common Council of the City of San Diego, as follows: That the matter be referred to the voters of the City of San Diego, and that said amendment, a copy of which is hereto attached, be inserted in the ordinance now under consideration providing for the submission of charter amendments, as an amendment to such ordinance, and to be known and designated as "Charter Amendment No 26"

Chapter IV.

Of initiative, Referendum and Recall.

Section 1. The Common Council shall have power to submit to the electors of said city at any election any question required to be so submitted by the constitution, the law, this charter, or by ordinance: provided, that in case such question is required by said constitution, law, charter or ordinance to be submitted at a special or other paticular kind of election, it shall be so submitted, and not otherwise.

The initiative

Section 2. Any proposed ordinance may be submitted to the Common Council by a petition signed by registered electors of the City equal in numbers to the percentages hereinafter required. The signatures to the petition need not all be appended to one paper but each signer shall add to his signature his place of residence, giving his street and number. One of the signers of each such paper shall make oath before an officer competent to administer oaths that the statements therein made are true and that each signature to the paper appended is the genuine signature of the person whose name purports to be thereunto subscribed. Within ten days from the date of filing such petition the City Clerk shall examine and from the great register ascertain whether or not said petition is signed by the requisite number of qualified electors, and if necessary the Common Council shall allow him extra help for that purpose, and he shall attach to said petition his certificate showing the result of said examination. If, by the Clerks certificate, the petition is shown to be insufficient it may be ammended within ten days from the date of said certificate. The Clerk shall within ten days after such amendment, make like examination of the amended

petition, and if his certificate shall show the same to be insufficient it shall be returned to the person filing the same without prejudice, however, to the filing of a new petition to the same effect. If the petition shall be found to be sufficient the Clerk shall submit the same to the Common Council without delay.

If the petition accompanying the proposed ordinance be signed by electors equal in number to fifteen per cent. of the entire vote cast for all candidates for Mayor at the last preceding general election at which a Mayor was elected, and contains a request that said ordinance be submitted forthwith to a vote of the people at a special election, then the Common Council shall either.

(a) Pass said ordinance without alteration within twenty days after the attachment of the Clerk's certificate of sufficiency to the accompanying petition (subject to a referendary vote under the provisions of section 2 of this chapter), and if the ordinance shall be passed by the Common but shall be vetoed by the Mayor, and on reconsideration shall fail of passage by the Common Council, then, within five days after determination that said ordinances shall have so failed of final adoption, the Common Council shall proceed to call a special election at which said ordinance without alteration, shall be submitted to a vote of the people: or

(b) Forthwith after the Clerk shall attach to the petition accompanying such ordinance his certificate of sufficiency, the Common Council shall proceed to call a special election at which said ordinances, without alteration, shall be submitted to a vote of the people

If the petition be signed by electors equal in number to at least five per cent, but less than fifteen per cent, of the entire vote cast for all candidates for Mayor at the last preceding general election at which a Mayor was elected, then such ordinance, without alteration shall be submitted by the Common Council to a vote of the people at the next general municipal election that shall occur at any time after thirty days from the date of the Clerks certificate of sufficiency attached to the petition accompanying such ordinance

The ballots used when voting upon said proposed ordinance shall contain the words "For the ordinance" (stating the nature of the proposed ordinance) and "Against the ordinance" (stating general nature of the proposed ordinance) If a majority of the qualified electors voting on said proposed ordinance shall vote in favor thereof, such ordinance shall thereupon become a valid and binding ordinance of the City and any ordinance proposed by petition, or which shall be adopted by a vote of the people cannot be repealed or ammended except by a vote of the people.

Any number of proposed ordinances may be voted upon at the same

election, in accordance with the provisions of this section: provided that there shall not be held under this section of the Charter, more than one special election in any period of six months. The Common Council may submit a proposition for the repeal of any such ordinance, or for amendments thereto, to be voted upon at any succeeding general city election, and should such proposition so submitted, receive a majority of the votes cast thereon at such election, such ordiance shall be repealed or amended accordingly.
